Overview

Milana joined the firm because of a strong interest in advocacy. As an LA native, she witnessed firsthand the impacts of pollution and environmental inequality on local communities. In 2024, Milana earned her B.A. in Global Liberal Studies from New York University. Prior to joining the firm, she worked as Litigation Assistant at Altshuler Berzon LLP, where she assisted with plaintiff's side employment litigation. She now aims to get involved in environmental protection work.
